

Pavilion Gardens Model Boat Club

Water Health Issues:-

All members should be aware that using inland water for recreational purposes is never risk free. The chances of becoming infected by a serious water-borne infection are very low.

Here are some tips:-

Never drink water from Lakes or Ponds.

Do not splash water on the face to cool down.

Do not swim in water that is discoloured.

Cover cuts and abrasions.

Wash hands before eating or handling food.

What illnesses might you catch?

Gastro-intestinal

Blue-green Algae,

Weils Disease

Although these are very rare precautions must be taken.
